Truman High School

Q&A

with
Pyper Goldey

- 1. What is your favorite thing about being a Truman Tiger?** *My favorite thing about being a Truman Tiger is being a part of a community that accepts each other and includes everyone. Knowing that I have people to turn to and talk to when needed is the best thing anyone could ask for.*
- 2. You often volunteer your time around Truman and help out at events. What do you enjoy the most about this?** *I enjoy getting to see different parts of what Truman offers because you find out that there are many more things than people talk about. Being at different events gives me the opportunity to meet all different groups of people and make many lifelong friends. I also love getting to give back to the school.*

- 3. What has your experience been like taking dual-enrollment courses? Why do you encourage other students to dual-enroll?** *For me, dual-enrollment is one of the best courses Truman offers. It gives you the opportunity to see what college is like, get college credits, and do it all with no cost. I would highly recommend this to any student who is planning on going to college or is unsure what they want to do.*

- 4. Do you have any memories in the Truman Drama department that stand out to you?** *My favorite memories with the Drama department are Saturday rehearsals because they are where you really get to see what your classmates are like, everyone opens up and becomes so close during these times. This is what makes the shows so entertaining because everyone is already like family.*

- 5. What's your favorite part about being a cheerleader?** *My favorite part about being a Truman cheerleader is the friends that become family. The cheer team is like having one big group of sisters that will forever be there for one another.*

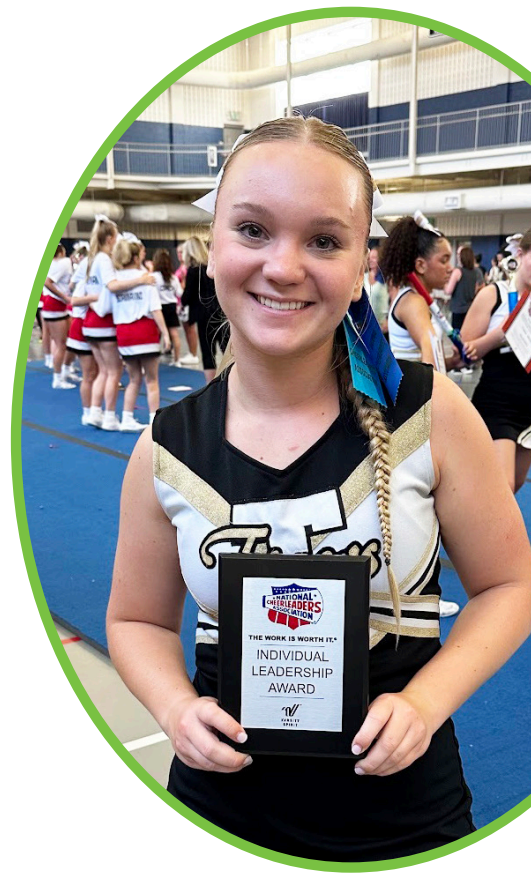

6. What is your favorite class at Truman, and why? My favorite class at Truman is personal finance because it was very eye opening to what life is going to be like after school. It gave me a very good understanding of what my finances are going to look like in my future.

7. Who is a teacher, coach or staff member that inspires you, and why? A teacher that inspires me is Mrs. Arbaugh; she is not only an amazing teacher but she is the best person to talk to. She has helped me get through school and life the past few years. She cares about her students and she has shown me so many different ways that I can succeed in life.

8. What are you most looking forward to in your senior year at Truman? I am looking forward to doing all the “lasts” with my best friends.

9. What are your plans after graduation? My plans after graduation are to attend a university, majoring in early childhood/elementary education.

10. Anything else you'd like to share with the BTSD community? BTSD is a great place to grow up. I would not be where I am today without being a student in the BTSD. Everyone here is getting the best education with support from the best teachers and staff members. My plans after college are to come back to BTSD and start/raise my family here. I would also like to be a part of the education staff at some point in my life.
